To create an account in the database, click "New User Sign Up"

Create User

Please enter the user's information below.

First Name:

Last Name:

Email:

Certification Number:

Password:

Confirm Password:

- Fill out each information box
- *it is recommended to enter your certification number exactly as it shows on your state card. Your state card can be used as a reference when entering your certification number into Questbase to take the CBT*
- If your certification number from the database does not match questbase, the CBT score will not export
